

Finding Heroes is a Professional Development workshop for Educators and Youth Professionals. Two Finding Heroes workshops are offered throughout the year.

The program is a unique opportunity for Teachers, Educators and Youth Professionals to learn and practice the skills and techniques (used by Reach) that effectively engage and facilitate young people.

The Finding Heroes program has recently been refreshed. The new program is based on 18 years of Reach experience working in schools and effectively engaging groups of students, and is more recently underpinned by the internationally renowned positive psychology framework that is being fast adopted by schools across Australia.

Designed to provide teachers, educators and youth professionals with the practical skills and resources essential to improve the emotional and social wellbeing of students, the *Finding Heroes* program now includes:

- Integrated online resource kit, featuring six modules and more than 25 classroom-based activities
- An online information-sharing forum designed to support you after the workshop and to foster a growing community of knowledge

Finding Heroes Dates 2012 NSW

Workshop 1: Monday 7 May

Workshop 2: Wednesday 1 August

Reach, Level 1, 251 Riley St Surry Hills

Finding Heroes is a unique and engaging professional development program which promises:

- Innovative ideas and techniques derived from an evidence-based framework, to equip you to support and improve the emotional and social wellbeing of your students
- Experienced workshop facilitators who provide valuable insights into effectively engaging and inspiring young people

***Finding Heroes* will provide you with tools to confidently facilitate your students and support them to thrive.**
