

Reach's Secondary School workshops can dramatically change the classroom dynamic – creating an environment of awareness and mutual respect.

They are a powerful complement to your school's social and personal training curriculum, providing students with positive and relevant strategies and skills they can apply at school and their everyday lives.

Workshops are delivered at your school for groups of students from years 7-12. A variety of workshops are offered addressing the specific issues relevant for each year level, however we understand that every classroom is different and certain workshops may be more relevant for yours. Feel free to get in contact to discuss this.

The team will also assist staff to determine the appropriate follow-up for individual students if necessary.
